To Whom It May Concern:

Anointed, amazing, inspiring are the best words to describe Mary Hamrick of *Dragonfly Ministries*. Straight from our initial discussions, she was full of ideas, guidance, and leadership which helped our planning team develop an outstanding Women's Conference. Here are some ways she directly impacted the effectiveness of the St. Philip's Women's Conference:

- Creative with ideas and themes
- Timely with an initial outline
- Speaker materials were complete, extensive and on time.

Mary Hamrick had a huge impact on the Women of St. Philip's. She spoke a message that seemed to directly address concerns and issues that were weighing on the hearts of many of our attendees. Her message was personal for each individual which touched so many women deeply! She prayed for and wrote personalized prayer cards labeled and beautifully wrapped for each woman, awesomely impactful!

I'm still having conversations and receiving emails that reference the prayer Mary wrote for each person. Through her God was able to speak volumes! Many women have said "how will you ever top this conference...it was wonderful."

Blessings,

Amanda Valdes
